Christian Patriot Creed

by Louie E. Johnston Jr.

Christians, true Christians, - true Judeo Christians, defined by The Holy Bible as Regenerated, Bible-obeying Disciples serving Christ, experiencing God Jehovah of The Holy Bible intimately, humbly in consistent pursuit of obedience to the word of God to know and honor His ways and commands – will not, indeed cannot, participate in, approve of, facilitate, condone or encourage certain behaviors condemned in the Holy Bible as disobedience to God Jehovah, which we call "sin".

This is our unalienable God given and constitutional right. It is our personal duty to protect and preserve all our human rights bestowed from God Jehovah, all being our Christian honor and duty in love and gratitude.

Performing our Christian rights or duties is never actions of hate, bigotry, anger, arrogance, or from any position of superiority nor any desire to “force our beliefs” upon others.

It is done from obedience to Christ from His example and God's word, with loving compassion for others who do not experience God Jehovah and are separated from His love we know as the highest possible quality of life, on earth, and in eternity.

Central to Judeo -Christians, clearly documented throughout both the Old and New Testaments, is the unambiguous and timeless proposition that any sexual practice outside the bonds of honorable man-woman marriage constitutes sexual immorality and results in separation from God. This includes sex between a man and woman or between members of the same sex.

Central to Judeo - Christians is acknowledging God as Creator, who breathes His spirit with DNA to desire Him into every human at conception and His plan for every life, yet grants free will to accept or reject Him or His plan, so every life from conception is precious to God from conception, who expects every follower to preserve and nurture every life from conception.

Christians in humility before God Jehovah take no personal pleasure or desire to confront any human actions as "sin", including acts of abortion, adultery, fornication, incest, bestiality, homosexual, or any other sexual inclination. It is not our option to choose to ignore if we truly love our neighbor as our God Jehovah commands, for from love our desire is to guide others to His ways to experience God, the highest possible quality of life, on earth and in eternity.

For the true Christian, God is truth who always trump man's subjective desires.

For God's Glory and Old Glory,
